The Town of Meggett has limited number of sewer taps available for sale to property owners in areas presently serviced by sewer. The Force Main line runs down Highway 165 and accessing some side roads off Highway 165, portions of Ethel Post Office Road (closer to Highway 165) and most of Archfield Subdivision.

If you live in these areas and are interested in purchasing a sewer tap, please visit the Town Hall or call Charleston Water Systems to verify if your property can tap into the sewer system.

Sewer Taps are $4000.00 each and can be bought 1 per TMS# every 90 days per property owner until they are all purchased. The Town encourages anyone interested in purchasing a sewer tap to read Sewer Ordinance 2012-02 and contact the Town with any questions.

Owners of sewer taps that are not in use will have a quarterly charge of $45.00 billed from the Town. Sewer taps that are tapped into the sewer line will receive monthly bills from CWS.

Sewer taps are a great way to enhance properties for sale as sewer taps stay with the TMS#.

The Town of Meggett Thanks You all...

Stephanie Smith, Administrator

Our Christmas Festival Bakery & Boutique and Tree Lighting was an amazing success this year. The list is long, but we want to thank everyone who donated goods and funds and those who volunteered their time.

What a joy it was to see all the beautiful children enjoying the day’s events with Santa, Smarty Pants, Arts & Crafts and lunch prepared by the Mayor “Buster” Herrington.

Lowcountry Leadership’s Middle School Chorus did a fantastic job singing and with the reading of the Christmas Story.

A special Thank You to our invited guests who blessed our event, Rebeccah Singleton and her team for the beautiful decoration and to Mrs. Trudy Herrington for being available with just anything we needed in the days leading up to our event.

Lastly, thank you to Ellie Brabham for 13 years of dedicated service to our town. In her caring hands our town has thrived. The Christmas Celebration this year was a perfect reflection of Ellie and her service to our town; it was an amazing and truly blessed celebration.

Thank you to Ellie and to everyone who made the night so special.
Road Closures at Town Hall

From time to time the Town of Meggett will request Charleston County close part of Highway 165 in front of our Town Hall. Road closures are always for safety reasons and we have detour signs to help our residents and visitors navigate around the road closure.

We are working on a better way to ensure our residents are informed of the road closures so they can plan accordingly. We will always post on our website and send out e-mails when the road will be closed, and will include the closure in our newsletters when time allows.

Please encourage your guests to observe our road closures/detours and not to create their own detours though the park across from Town Hall or move road blocks placed by the county. Our guests are not expecting cars on the road or in the park and will not be watching out for them. Please for the safety of our visitors respect our road closures. Maps are available at the Town Hall and are on our website, in pdf format, so they can be shared to show how to safely navigate around the closure. Please feel free to reach out to Mayor Herrington or the Town Administrator, Stephanie Smith, with any questions.

Website Update...

Take a moment and visit our website, www.townofmeggettsc.org. We have made a few changes so our resources and tools are easier to use.

Upcoming Events are a great way to find out what is happening around town. If you have any news you would like share or suggestions on changes please feel free to contact Town Hall.
Thank you for working with the Town to help save on postage, paper and printing expenses. These savings will be recycled back into our budget so we can continue to maintain our beautiful town.

Thank you,
Town of Meggett
