

Hello Neighbors!

We hope you had a good week.

Here is what we have on deck this upcoming weekend at the shipyard:

- This weekend we will be doing some steel work, but no water or sand blasting.

We value open communication and encourage you to reach out with any questions. Please save this email address and feel free to contact us at ([community@stevens-towing.com](mailto:community@stevens-towing.com)).

Please see below for a special project recognition.

With gratitude,  
Johnson Stevens and the Stevens Towing Team

## Oyster Reef Restoration Project

- Over the past few months, the Stevens Towing Tugboat the Island Fox, has been hard at work on the Oyster Reef Restoration project in North Carolina, where around 50,000 tons of rock was added for the reef. This vital effort is designed to improve water quality, create habitats for marine life, and help protect the coastline from erosion. We're proud to contribute to a healthier, more resilient coastal ecosystem one reef at a time.
