

Hello Neighbors!

We hope you had a good week.

Here is what we have on deck this upcoming weekend at the shipyard:

- This weekend we will be doing some steel work, sand blasting, and painting, but there will be no water blasting.

We value open communication and encourage you to reach out with any questions. Please save this email address and feel free to contact us at (community@stevens-towing.com).

Please see below for a special project that a group of Stevens Towing employees have been working on.

With gratitude,
Johnson Stevens and the Stevens Towing Team

Go Baby Go Project

- Over the past year, a dedicated group of employees from Stevens Towing have been volunteering their time and talents to support Go Baby Go, which is a national program that provides modified, ride-on toy cars for young children with mobility challenges. These adapted cars give kids a fun, empowering way to explore their world, while also supporting physical, social, and emotional development. Our team has been hard at work customizing the cars to ensure they're accessible and inclusive for every child.
